

| Sprint 14  |   | 02/06/23 - 02/12/23 |          |  |   |  |  |   |   |
|--|---|---------------------|----------|--|---|--|--|---|---|
| 1 Is there anything blocking you?<br>2 What did you do yesterday?<br>3 What are you doing to do today? |   |                     |          |  |   |  |  |   |   |
|  |   |                     |          |  |   |  |  |   |   |
|  |   | Day                 | Date     | Joseph   | Joshua  | Henry  | Frank  | Ghabe   | David   |
|  | 1 |                     | 02/06/23 | 1. No<br>2. UserManagement LLD<br>3. UserManagement View                 | 1. No<br>2. Nothing<br>3. Start on Account Recovery Admin Implementation  | 1. No<br>2. Account Deletion Success LLDs and some of the failure LLDs<br>3. Finish up remaining LLD for Account Deletion, and start on coding if possible | 1. No<br>2. Finished completeness chart and task breakdown<br>3. Add salt and user hash to database and create tests |   |   |
|  | 2 |                     | 02/07/23 | 1. No<br>2. Scrum docs<br>3. Research figma tool                         | 1. No<br>2. Started Admin Account Recovery Implementation<br>3. Finish writing implementations and start on making Unit Tests | 1. No<br>2. Nothing<br>3. Finish up remaining work, start coding   | 1. No<br>2. Add salt and user hash to database and create tests<br>3. Nothing  | 1. Yes other classwork<br>2. Method for creating requests<br>3. Nothing   |   |
|  | 3 |                     | 02/08/23 | 1. No<br>2. create account / research<br>3. create anonymous view design | 1. No<br>2. UserManagement Implementation<br>3. Gonna try for 4 hours of productive work                                      | 1. No<br>2. Started creating Account recovery test cases<br>3. Finish creating test cases  | 1. No<br>2. Account Deletion LLDs<br>3. Start account deletion implementation  | 1. No<br>2. Nothing<br>3. Implement salt to user account password and save digest to the database and implement user hash to logging  | 1. No<br>2. Nothing<br>3. Password check and hashing in recovery          |
|  | 4 |                     | 02/09/23 | 1. No<br>2. Research figma<br>3. Start designs                           | 1. No<br>2. UserManagement<br>3. work on tests  | 1. No<br>2. Finished writing unit test cases<br>3. Revise code to pass test cases  | 1. No<br>2. Started implementation of account deletion<br>3. Work on automated tests for account deletion            | 1. No<br>2. Nothing<br>3. Nothing   | 1. Yes other classwork<br>2. Password check and hashing<br>3. Nothing     |
|  | 5 |                     | 02/10/23 |  |   | 1. Yes Other Classwork<br>2. Tried to revise code to pass test cases<br>3. Revise code to pass test cases  | 1. No<br>2. Account Deletion Implementation Tests<br>3. More Account Deletion Implementation Tests                   | 1. No<br>2. Nothing<br>3. Create functions to insert and get user salt and userhash from their tables                                 | 1. No<br>2. Nothing<br>3. Account Recovery Integration                    |
|  | 6 |                     | 02/11/23 | 1. No<br>2. Nothing<br>3. Touch up on design drafts                      | 1. No<br>2. Nothing<br>3. UserManagement  | 1. Yes Other Classwork<br>2. Nothing<br>3. Revise code to pass test cases  | 1. No<br>2. Nothing<br>3. Create unit tests for account deletion   | 1. No<br>2. Create functions to insert and get user salt and userhash from their tables<br>3. Fix functions to work with the database | 1. No<br>2. Account Recovery Integration<br>3. Account Recovery debugging |
|  | 7 |                     | 02/12/23 |  |   |  |  |   |   |
