

Sprint 14	02/06/23 - 02/12/23
Notes:	Name
What went right:	
finsihed 90% of task assigned	rhoy
knew what task needed to do and got work done	ghabe
finsihed rought of Ui design	joseph
Wthat went wrong:	
haven't successfully debug the code at the end	rhoy
did not give enough hours for research , went over the estimated hours in task break down	ghabe
missed daily stand up	joseph
lacking motivation	frank
Action plan:	
for missed daily stand up: starting next week input it as taking the day off on the burndown chart input it as a "-"	ghabe
on the next sprint, take into consideration with more research time on the next work item	ghabe
since rhoy can't finish the debug due to other classwork, pass on the task to david to finish today	david
aim to atleast 10% in completeness trend in sprint 15	frank
