Sprint 15	02/13/23 - 02/19/23							
1	Is there anything blocking you?							
2	What did you do yesterday?							
3	what are you doing to do today?							
		Day	Date	Joseph	Joshua	Rhoy	Frank	Ghabe	David

Day	Date	Joseph	Joshua	Rhoy	Frank	Ghabe	David
1	02/13/23	1. No 2. UI design interactions 3. Research UI / attempt anon view	1.No 2.UserManagement 3.UserManagement file upload	1. Yes, other classwork 2. Nothing 3. Debug Admin Account Recovery code	1. No 2. Account Deletion Implementation Tests, Manager, and Service 3. Account Deletion Implementation Integration Tests	1. No 2. Fixed functions to hash with salt and get userhash with pepper 3. Fix functions to work with previous tests	1. No 2. Nothing 3. UI tech research
2	02/14/23	1. No 2. Anon view 3. Taking day off	1.No 2.User management 3.Create csv tests	1. No 2. Research AWS 3. Research AWS further and setup for code deployment	1. No 2. Work on DDL for implementation of Account Deletion 3. Get all integration tests working		1. Yes other classwork 2. Research ui tech 3. Nothing
3	02/15/23	1. no 2. nothing 3. account register view	1.No 2.Nothing 3.User Management testing	1. No 2. Nothing 3. AWS research/setup	1.No 2.Nothing 3.User Management testing	1. No 2. Refactored registration to work with UserAccount / UserProfile and to follow solid principles 3. Refactor Login to work with UserAccount / UserProfile and to follow solid principles	1. No 2. Nothing 3. Account Recovery View
4	02/16/23	1 no 2. register view 3. log in view		1. No 2. Setup AWS account/ Research 3. Setup EC2 instance	1. No 2. Account Deletion Implementation functionally working 3. Revaluate design for Account Deletion	1. No 2. Refactor Login to work with UserAccount / UserProfile and to follow solid principles 3. Change test function calls to match functions new names	1. No 2. Account Recovery View 3. Code Integration on Github
5	02/17/23	1. No 2. Login view 3. Otp view / fix css in login			1. No 2. Uploaded implementation to github 3. Do another version of LLD for account Deletion		1. Yes other classwork 2. Github integration 3. Nothing
6	02/18/23	1. yes other class work 2. otp view 3. home admin view / user management view - html / css		1. No 2. AWS setup 3. AWS setup	1. No 2. Fixed some the implementation 3. Add more tests to account deletion	1. No 2. Nothing 3. Research Google Maps API implementations and saving to the database	1. No 2. AWS setup 3. AWS setup
7	02/19/23	1. no 2. html/css views for home admin view/ user management 3. attempt code integration - mac / linux				1. No 2. Research Google Maps API implementations and saving to the database 3. Create designs
