# Sprint 17

Sprint 17 Retrospective:

Notes:

What went right:

- able to set up a map and restrictions to map: ghabe

- in terms of researching it went well in learning the technologies: Rhoy

- utilized all of the 4 hours in the sprint: frank

- joined half way through the sprint, research with axios: josh

What went wrong:

- cant figure out the connection from the front end to back end: joseph & ghabe

- out of the 8hr capacity, only utilized half the capacity : frank

Action plan:

- try to continue with 0%, with the last sprint we got -2%: ghabe

- In the next sprint I should pull in enough tasks to fulfill my sprint capacity and break it down: frank
