Sprint 14	02/06/23 - 02/12/23						
1	Is there anything blocking you?						
2	What did you do yesterday?						
3	what are you doing to do today?						

		Day	Date	Joseph	Joshua	Rhoy	Frank	Ghabe	David
		1	02/06/23		1.No 2.UserManagement LLD 3.UserManagement View	1. No 2. Nothing 3. Start on Account Recovery Admin implementation	1. No 2. Account Deletion Success LLDs and some of the failure LLDs 3. Finish up remaining LLD for Account Deletion, and start on coding if possible	1. No 2. Finished completeness chart and task breakdown 3. Add salt and user hash to database and create tests	
		2	02/07/23	1. No 2. Scrum docs 3. Research figma tool		1. No 2. Started Admin Account Recovery Implementation 3. Finish writing implementations and start on making Unit Tests	1. No 2. Nothing 3. Finish up remaining work, start coding	1. No 2. Add salt and user hash to database and create tests 3. Nothing	1. Yes other classwork 2. Method for creating requests 3. Nothing
		3	02/08/23	1. No 2. create account / research 3. create anonymous view design	1.No 2.UserManagement Implementation 3.Gonna try for 4 hours of productive work	1. No 2. Started creating Account recovery test cases 3. Finish creating test cases	1. No 2. Account Deletion LLDs 3. Start account deletion implementation	1. No 2. Nothing 3. Implement salt to user account password and save digest to the database and Implement user hash to logging	1. No 2. Nothing 3. Password check and hashing in recovery
		4	02/09/23	1. No 2. Research figma 3. Start designs	1.No 2.UserManagement 3.work on tests	1. Yes Other Classwork 2. Finished writing unit test cases 3. Revise code to pass test cases	1.No 2. Started implementation of account deletion 3. Work on automated tests for account deletion	1. No 2. Started to implement salt and randomnumbergenerator 3. Nothing	1. Yes other classwork 2. Password check and hashing 3. Nothing
		5	02/10/23			1. Yes Other Classwork 2. Tried to revise code to pass test cases 3. Revise code to pass test cases	1. No 2. Account Deletion Implementation Tests 3. More Account Deletion Implementation Tests	1. No 2. Nothing 3. Create functions to insert and get user salt and userhash from their tables	1. No 2. Nothing 3. Account Recovery Integration
		6	02/11/23	1. No 2. Nothing 3. Touch up on design drafts	1.No 2.Nothing 3.UserManagement	1. Yes Other Classwork 2. Nothing 3. Revise code to pass test cases	1. No 2. Nothing 3. Create unit tests for account deletion	1. No 2. Create functions to insert and get user salt and userhash from their tables 3. Fix functions to work with the database	1. No 2. Account Recovery Integration 3. Account Recovery debugging
		7	02/12/23	1. No 2. Ui designs 3. add Ui design interactions task break down	1.No 2.UserManagement 3.UserManagement Testing		1. No 2. Account Deletion Tests 3. Account Deletion Implementation	1. No 2. Fix functions to work with the database 3. Finish fixing functions then push to Git	

2/12/2023
