Sprint 22 (04/03/23 - 04/09/23)

1. Is there anything blocking you?

2. What did you do yesterday?

3. What are you going to do today?

Text	Date	Joseph	Frank	Josh	Rhoy	Ghabe	David	Notes
	@April 3, 2023	1. No 2. Integration with refactored views 3. Task break down / start research	1. No 2. AWS setup 90% finished 3. Start research for feature	1.No 2.Testing 3.Finish Testing/Start on Frontend	1. Yes, waiting for peer review to be completed 2. Nothing 3. Start on reputation implementation or pick up a task	1. Yes, other school work 2. Peer Review 3. Finish and push Peer Review	1. No 2. Nothing 3. Nothing	Untitled
	@April 4, 2023	1. yes midterm tomorrow 2. nothing 3. start on a success case	1. No 2. Started some diagrams 3. Do some research, finish up one diagram	1.No 2.Worked on testing 3.create notification view	1. Yes, still waiting for peer review to be completed 2. Nothing 3. Pick up a task not related to my feature		1. Yes other classwork 2. Nothing 3. Nothing	Untitled
	@April 5, 2023	1. No 2. Started on a success case 3. Continue on success case and try to get atleast an hr of work	1. No 2. research and success diagrams 3. Hopefully complete at least two success diagrams	1.No 2.Notification view 3.Try to connect to controller	1. No 2. Practiced C# to prepare for implementation 3. Read peer review and start on reputation implementation	1. Yes other classwork 2. Pushed peer review 3. Nothing	1. No 2. Nothing 3. Picture Upload LLD	Untitled
